

Are you the Leader we are looking for?

Do you have the skills to:

- Turn around low performing operations in a short period of time with little or no direction?
- Quickly identify the key factors of success within any manufacturing operation?
- Rally support and focus personnel toward the achievement of specific goals?
- Take ownership of your area and for its performance and deliver results?
- Lead people in an effective way. Not just a Boss, but a true Leader that builds relationships with their people to inspire and motivate them to give consistent daily performance?
- Take a disciplined approach to Leadership drawing from your own play book of checklists and methods that have proven to work for you in the past?
- Be self-directed and already know what needs to happen to perform the turnaround needed without being told by your superior?
- Be a true winner and achiever that wants to prove their worth quickly and then ready to take on more and move up with the organization?

Title: Production Supervisor-3rd Shift

Tedia is a global, US-based manufacturing company with a long history of success producing chemicals for laboratories and manufacturers. We don't just sell a product - we sell confidence to customers designing and improving life-saving drugs, testing our environment and certifying our food. We lead our industry in focus on critical solvents for these applications. We're doubling down on that focus and expanding manufacturing capacity and product support. Our ownership is driven to be the best supplier in our industry and set the standard for exceptional delivery performance and quality.

If you are ready to take on this type of challenge and have a platform to show what you can do with Leading people to work as a productive team and accomplish difficult task, please apply by going to www.tedia.com or send resume and salary requirements to resume@tedia.com.
